2. Please refer to <https://usskiandsnowboard.org/membership> for membership categories
3. Alpine Competitor Membership: All athletes who wish to be scored to the National Points list need to hold an Alpine Competitor membership.
4. Alpine Competitor Membership (for athletes 13 and younger) - the Central Division does not allow U14's and younger to score U.S. Ski and Snowboard points in U.S. Ski and Snowboard Central Division events. Exception: 2nd year U14's may score at U.S. Ski and Snowboard specific Central Division regional events prior to U14 R/C Junior Championships and then any events post U14 RC Jr Championships.
5. Full time U.S. Ski and Snowboard Alpine memberships must be made prior to January 31 in order to qualify for the Central Divisional Championships, Rocky/Central Junior Championships, Nor-Am's, U19 National Championships or the U.S. Alpine Championships
6. All jury members and coaches are required to be official members of U.S. Ski and Snowboard
7. Athletes must compete in the region where they reside and train. If there are extenuating circumstances that prevent an athlete from competing in their local region, that athlete must petition the Central Division office for a change in regional affiliation. Athletes cannot hold dual regional memberships.
8. NSF checks written to the Central Division will be assessed a \$25 returned check fee. The fee and payment must be received in the form of a money order or cashier's check before the athlete's next start.
9. U.S. Ski and Snowboard and FIS rules as listed in the U.S. Ski and Snowboard Alpine Competition Guide and the FIS ICR will be followed.
10. If there is a conflict between local, regional, and divisional rules, divisional rules will govern.

Geographic Affiliation/Designation

A racer shall affiliate as an athlete of the region and division in which he/she is training during the majority of the northern hemisphere competition season. The designation must be made at the start of the season and must be abided by the racer for the entire season. Any conflicts must be resolved before participation; contact the regional office.

Requests for in-season changes of affiliation must be made in writing to the Alpine Development Director. Such in-season changes may result in loss or default of regional and divisional qualifying status.

Exception: U.S. Ski Team and National Training Group members retain their home affiliations.

Region Racing in Central

Regional committees organize racing opportunities in their local areas. The following guidelines pertain to racing in each local region.

1. Seeding for scored racing will be based off the current U.S. Ski and Snowboard points list.
2. Course setters for U.S. Ski and Snowboard scored and non-scored races are required to be a current U.S. Ski and Snowboard member coach and certified U.S. Ski and Snowboard Referee.
3. Racers must contact their regional chair with their request to race out of region. The respective regional chairs will then determine whether entry is approved. All regions must publish their entry procedure in advance of the season and file the criteria with the Central office prior to December 1. Out of region entry is subject to field size limitations.

Mid-America Series – Michigan Tech

The Mid-America (Mid-Am) series is the premier race series within Central. The Mid-Am series races are scored both nationally on the U.S. Ski and Snowboard points list and internationally on the FIS (International Ski Federation) point's list, with the exception of the giant slaloms held at Nub's Nob, which are only scored to the U.S. Ski and Snowboard national points list. The Mid-America series is the focus of Central athletes who are on a US Junior National Championship or US National Championships track. The schedule has been designed to give athletes the opportunity to rest and train as well as compete out of division between races. Mid-Am's are used to identify the US Junior Nationals Championship, US Nationals Championship, and in part, Team Central athlete selections.

Rules for Entry

1. Competitors entered in the Mid America series must be represented at the Team Captains meeting or have called the hosting race administrator within 24 hours of the meeting.
2. If the competitor is not represented at the Team Captains meeting, they will be pulled from the start list for the following day's competition.
3. Out of division, Canadian or Foreign entries must be submitted to the Central Division Competition Manager by the respective divisional, regional directors, Alpine Canada or Foreign Federation.

Mid America Cup Standings

Mid America (Mid Am) Cup Points will be awarded to the top 30 finishers in each event

Points are earned as follows:

Central Division FIS Championships

Lutsen, MN March 21-24, 2019

Awards

Awards for the top three finishers in the Overall and U19 U.S. Ski and Snowboard age categories will be given for each race at the Mid America Series Central Division FIS Championships.

In addition, the top three overall combined winners for the Championships will be awarded in Overall and U19 age categories based on their accumulated Mid America Cup points earned in all events at the Mid Am Championships. Ties will be broken by the best race point result.

Carruthers Cup

The Carruthers Cup is given annually to the top three overall combined winners (Central only athletes) for the Championships based on their accumulated Mid America Cup points earned in all events at the Mid Am Championships. The Carruthers Cup is awarded in memory of Bob Carruthers and has been awarded at this event since 1969. Replica trophies are awarded to each athlete.

Out of Division FIS Racing

The Central Division encourages competition in major events outside of the Central Division when athletically appropriate and used to enhance the racer's training and racing program. Out of division racing is subject to quotas and selection criteria that are coordinated through the Rocky/Central office. Any Central racer wishing to race outside of the Central Division must direct their entry request through U.S. Ski and Snowboard intent system. Note that participation in the US Nationals, US Junior Nationals and RC U.S. Ski and Snowboard Junior Championships does not require entry via the **intent system**.

National Meet Entry Program

The primary goal of the program is to make it easier for athletes and coaches to enter out of division races. The deadlines and procedures are in place to promote sound athlete management planning. Out of division racing should only be incorporated into a competition plan if it will athletically enhance the athlete's divisional schedule.

FIS EVENTS Intent system for racing Out of the Central Division

The National Meet Entry program for FIS events will operate in the following manner: All club coaches can view the latest FIS schedule information prior to the season at the FIS website <http://data.fis-ski.com/alpine-skiing/calendar.html> If the club or an athlete plans to attend an out of division race or series of races, they must fill out an **intent to race form** on the intents online website at least 18 days in advance of the first Team Captains meeting. Go to the U.S. Ski and Snowboard Intents online at <https://usskiandsnowboard.org/sport-programs/regions-divisions/intents>

It is encouraged, that coach and athlete decide on an out of division racing plan early in the season and indicate all of the races they're interested in. It is required that the intent be received through the U.S. Ski and Snowboard Intents online system by the deadlines.

If Central's out of division FIS quotas are overfilled, the U.S. Ski and Snowboard Central Alpine Manager will manage the Central field size. For out of division FIS racing, Central athletes will be ranked using an ITS of their National point ranking in SL and GS. Athletes are responsible for their own travel and lodging arrangements. (Rocky/Central Regional lodging will be provided at the U.S. Alpine National Championships and U.S. Junior National Championships.)

Upon publication of any selection list posted to the <https://usskiandsnowboard.org/sport-programs/regions-divisions/intents> all listed qualified and alternate athletes must confirm or deny their intent to compete to their respective U.S. Ski and Snowboard divisional office no later than 16 days in advance of the first Team Captains meeting.. Athletes failing to confirm by this time will be PULLED.

The Central office will then make the official FIS entry for the athlete or group of athletes. Athletes will need to pay entry fees on their own, directly to the race organizer.

East, Rocky and West FIS Racing

For Eastern and Western FIS races, Rocky/Central has a quota of at least 10 men and 10 women to most events. Central does not have a protected quota for these events and is ranked along with R/C athletes by use of a NTSM ranking. Interested athletes must submit an Intent to race form

with Intents online <https://usskiandsnowboard.org/sport-programs/regions-divisions/intents> by the deadline posted of 18 days prior to the first TCM. Confirmations must be made 16 days prior to the first TCM

For Rocky Mountain Division FIS races, Central has a quota of at least 10 men and 10 women. Interested athletes must submit an Intent to race form with Intents online <https://usskiandsnowboard.org/sport-programs/regions-divisions/intents> by the deadline posted of 18 days prior to the first TCM. Confirmations must be made 16 days prior to the first TCM. If there are more entry requests than quota spots available, the following selection method will be used to fill Central's quota:

1. Athletes will be ranked by an ITS of the most current National points list for GS and SL. For speed events, FIS points will be used in the ITS rather than National points.
2. Athletes missing the deadline will be ranked at the end of the list, in the order that the Central office, regardless of their ranking, receives their entry requests.

For FIS events held in the Eastern Region, Western Region or Rocky Mountain Division, athletes will be entered by the Central or Regional office, but athletes will be responsible for the payment of their entry fees directly to the race organizer.

Please check out the FIS, Divisional and Regional U.S. Ski and Snowboard websites for the most current calendars and fact sheets!

Out of Division Scored and Non-Scored Racing

U.S. Ski and Snowboard EVENTS Intent system for racing out of the Central Division

The U.S. Ski and Snowboard NMEP Intent to race form is available through the U.S. Ski and Snowboard Central Selections website: <https://usskiandsnowboard.org/sport-programs/regions-divisions/rocky-central-alpine-region/central-alpine-division-selections>

The form is for coaches entering athletes to Out of Division U.S. Ski and Snowboard National Scored and Non-Scored events. Athletes need to communicate with their coaches to be added to the form. Independents may also use the form. Please fill out form by the deadline of the 1st day of the prior month to the event you wish to intent for.

For any races outside of Rocky/Central, a direct request to the Central Division Manager is required for permission and approval.

For most scored and non-scored races, there is no quota for Central athletes. The request and intent will be approved or denied based on the ability of the hosting Region/Division/Club, to support additional athletes.

If there is a Central quota, and it becomes overfilled, the Central Competition Manager will manage the Central field size. For out of division National Scored events, Central athletes will be ranked using an ITS of the most current National points list. Entry and payment is the responsibility of the athlete for U.S. Ski and Snowboard events.

Selection Procedures

U.S. Alpine Championships

Waterville Valley, NH March 23-25, 2019

Rocky/Central quota to USN National Championships is 14 men and 12 women.

1. Automatics – Top – 2 RC USA athletes, who are not already selected in the National US Nationals selection, ranked at the intent deadline by an NTSM of World Cup points in SL, GS and SG in the Nor Am and NPS series. (2 men and 2 women from Nor Am Standings and 2 men from NPS). All Automatic athletes will be purged before the Regional Selections are put together.
2. The regional selection, consisting of 8 Men and 8 women, will be filled by using a standard double board selection method. The board has two sides. The first side is a ranking using World Cup Points for results earned in head to head competition. There will be two series of races: 2SG/2GS in RMD and 3SL in Central, the slalom column will be determined by using the best 2 of 3 slalom results. The results will be purged of all non-Rocky/Central competitors. The second part of the board is based on U.S. Ski and Snowboard National points from the list valid on the selection date. A column is established for each event on each part of the board. The column will be listed in the order SL, GS and SG; which will be the order of selection. The Rocky/Central Ski Cup portion of the board will be first, followed by the National points portion of the board. (See example below)

Qualifying Race dates are:

- Jan 6-7, Eldora, CO, FIS, 2 GS
- Jan 20-21, Aspen, CO FIS 2 SG
- Feb 1-3, Spirit Mtn, MN FIS 3 SL

3. One spot per gender will be awarded to the RC Junior FIS Champion. Overall Champion will be determined by using World Cup points in the 2GS/2SL, all non-RC athletes will be purged. In the event the Overall Winner has already qualified for US Nationals the spot will revert to Regional Selection method in #2 and the next RC athlete on the ranking list that has not been selected will be awarded the spot.

RC Junior FIS Championship Race dates are:

- March 7-10, Vail, CO FIS 2 SL, 2 GS

4. Discretionary spots awarded to 1 for each gender to be decided by Rocky/Central Director, Rocky/Central Coach, RMD Manager and Central Manager.

Example of double board

WC point system summary:

Place Points 1st-100, 2nd-80, 3rd-60, 4th-50, 5th-45, 6th-40, 7th-36, 8th-32, 9th-29, 10th-26, 11th-24, 12th-22, 13th-20, 14th-18, 15th-16, 16th-15, 17th-14, 18th-13, 19th-12, 20th-11, 21st-10, 22nd-9, 23rd-8, 24th-7, 25th-6, 26th-5, 27th-4, 28th-3, 29th-2, 30th-1

The top 30 competitors will receive place points based on World Cup Point Ranking System (100, 80, 60, 50, 45, 40, 36, 32, 29, 26, 24, 22, 20, 18, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2 and 1). In the case of a tie for one of the top 30 places, each tied racer receives the points corresponding to that position. The following racers receive the points for their finish position. (E.g. a tie for 2nd: racer 1 – 100 points, racers 2 and 3 - 80 points each, racer 4 - 50 points, etc.)

All races contested per event will be used in calculating each racers World Cup points in that event. If a tie remains after all results have been considered, a racer who started the series with higher seed points will be ranked in front of racers who started the series with lower seed points in the event. Placing the racer with the best ranking on the New World Cup point board first breaks a tie on the seed point board.

Selection Procedure

Selection proceeds from left to right on each row starting with World Cup points and ending with seed points. When a racer who has already been picked is encountered in a column, the column is skipped, and selection continues with the next column in the same row. When the last column in a row is reached, selection continues with the first column in the next row. Only events scheduled in the Championship Event will be part of the selection board.
